Re: Request for transfer of several Aluminum Electrolytic Capacitors

Dear customers,

We would like to first express our appreciation for your valued business and ongoing loyalty over the years. We pride ourselves on providing the best products on the electrolytic market today and look forward to continuously offer high quality capacitors for many years to come.

We are grateful of supplying our products to industrial and consumer applications as one of all-around Aluminum Electrolytic capacitor manufactures.

In Japan, we are supplying more valued products and better service to customers mainly with conductive polymer Hybrid Capacitors. Therefore we kindly ask you to accept production transfer of some products from Japan to Malaysia.

We thank you very much for your big support and cooperation.
