BAI BaiSpot LED LV MR16 GU5.3 2.6W 3000K 36° All Glass Reflector 240lm (20W) 12V AC/DC 50x45mm LED-lamp

The so-called LED spots from the BaiSpot series are characterized by a much longer lifespan and significantly less energy consumption than their halogen predecessors. Due to the compact design, they are easily interchangeable. Spots are mainly used to provide directed light from the ceiling or wall. This glass version literally and figuratively has an extra beautiful appearance because the part through which the light shines is made entirely of glass. Ambient temperature range: -20°C to +40°C.
