PPC40BU

Plastic post with heavy base - blue / whit (self assembly)-Diameter 50 /H950

This is a premium marking post that can be used to easily mark off an area, either temporarily or permanently. The post comes in a kit to save storage space and has a weighted base filled with concrete. It's made from ABS and polypropylene. It has two rings, one with holes and the other with hooks, for attaching chains in four different directions, and a threaded top for attaching information signs. It's available in various colours. The chains and information signs are sold separately.
